

## EMT TYPE THREADLESS GALVANIZED STEEL CONDUIT ACCESSORIES (GENERAL)

## PRODUCT TYPE

EMT CONDUIT GROUNDING - PVC INSULATED METAL BUSHING

## PRODUCT CODE

TB-G1.E

## MANUFACTURER

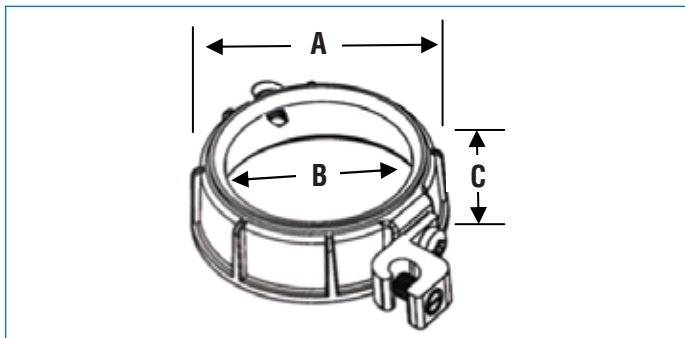

MSM

## MATERIAL

MADE OF CAST IRON

## COATING

ELECTRO GALVANIZED

## CERTIFICATES

| MSM Code | Size   | Dimensions (mm) |      |      | Quantity per Package (pcs) | Package Weight (kg) |
|----------|--------|-----------------|------|------|----------------------------|---------------------|
|          |        | A               | B    | C    |                            |                     |
| TB-G1.E  | 1/2"   | 25,0            | 12,5 | 10,8 | 100                        | 2,30                |
| TB-G2.E  | 3/4"   | 37,0            | 15,5 | 11,0 | 100                        | 2,80                |

## Usage Areas

Minimizes wire chafing by means of PVC insulation.

Used in EMT conduit ending systems and as a grounding.
